**FISCAL ANALYSIS**

ASSUMPTION

Officials from the **Department of Transportation** assume this proposal would not fiscally impact their agency.

Officials from the **Department of Revenue (DOR)** assume the proposal would have no administrative impact in and of itself. However the changes identified in the proposal would render the Motorist Insurance Database Program in the provisions of Section 303.400 inoperable. This proposal deletes the reference in section 303.025 to “or maintain registration of”. The Department of Revenue’s General Counsel has indicated that by deleting this language it would require the department to prove that the person in question either operated or registered the vehicle on the day in question. The database can only work if the statute indicates that it is illegal to “maintain registration”. Since the Motorist Insurance Database Program is not in effect as of yet, there would be no savings to DOR.

<u>FISCAL IMPACT - Local Government</u>	FY 2001 (10 Mo.)	FY 2002	FY 2003

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

L.R. NO. 3837-01  
BILL NO. HB 1703  
PAGE 3 OF 3  
February 11, 2000

DESCRIPTION

Currently, no owner of a motor vehicle registered or required to be registered in Missouri can operate, register, maintain registration, or allow another person to operate the vehicle unless financial responsibility is maintained. This proposal removes the reference to maintaining registration of a vehicle.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
